

## BOARD OF TRADE URGES USE BUSINESS METHODS IN WATER PROBLEM

### Politics, Prejudice and Sentiment Have No Place in Settlement of Question.

## BUSINESS MEN SAY TO COUNCIL BUY THE OLD PLANT

### Strong Reason Given at Informal Meeting of City Fathers---Chance Offered to Put City Water Plant Upon Paying Basis---Delay is Costly to Taxpayers.

Put aside politics, prejudice and sentiment, face the local water works problem as a business proposition and act at once in the interest of the taxpayers of Newark.

This in a nutshell was the advice given to the city councilmen by representatives of the Newark Board of Trade and the Business Men's Association Thursday night.

Strange as it may seem, it is nevertheless true that prejudice against the old water company has so blinded some of the city councilmen that they are hesitating in the face of the most businesslike proposition yet submitted in connection with the whole water works transaction. Beyond the shadow of a doubt there is but one thing to do if the matter is to be treated as BUSINESS and not SENTIMENT, PREJUDICE or POLITICS and that one thing is to get rid of the old water company by purchase at a reasonable price.

The meeting of the councilmen and business men was informal. It was held in the city council chamber, President of the Council W. D. Fulton presiding. Every member of the council was present. The city solicitor, Mr. Bolton, Board of Service Member Mr. Taylor, the City Auditor, Mr. Wulhoop, and Clerk of Council Mr. McCarthy were present, together with members of the two business organizations of the city.

When the meeting was called to order by the presiding officer, Mr. Fulton asked the president of the Newark Board of Trade, C. H. Spencer, to address the meeting. Mr. Spencer briefly recited some water works history and told why the proposition had been taken up by the Board of Trade, an organization of business men whose sole purpose is the promotion of Newark's business interests. The Board of Trade had deemed the matter of such importance to the taxpayers of Newark that it had appointed a special committee consisting of seven of the best known and most reputable men of Newark: James F. Irwin, superintendent of the Baltimore and Ohio Railway company; Wm. H. Smith, lumberman; Edward Thomas, iron manufacturer; Wesley Montgomery, banker and lumber dealer; E. L. Weisgerber, former Master Mechanic of B. & O. railway; Fred C. Evans,

put upon a paying basis immediately. The city can be in position to receive a revenue of \$21,000 annually at once when now the city's revenue is nothing. It will take at least two years and perhaps longer to complete the new plant and in the meantime the city loses in revenue almost if not quite the full amount of the purchase price of the old plant.

Mr. Irwin pointed out the fact that the new infiltration plant is an experiment. It may be satisfactory and it may not prove to be practical. In view of this fact it will be difficult to obtain the old water company's patrons and in any event they can not be secured without great effort, delay and some expense. Incidentally the transfer from the old to the new company means that every street in town will be torn up while new service connections are being made.

Edward Thomas, another member of the committee, said that he had been studying water works for years. He was a municipal water man from the start. He had no love for the old company and in recommending the purchase did so wholly from the taxpayers' viewpoint. Mr. Thomas said in his opinion the matter was (Continued on page 9.)

## ZANESVILLE PRIEST GETS UGLY LETTER

Zanesville, July 29.—Rev. Father A. L. Leininger yesterday received a Black Hand letter from South Bend, Ind., signed with the unmistakable sign of death, crossbones and skull. Father Leininger is much thought of, having built a handsome church and mammoth hospital. He is greatly perturbed.

## SOLDIER SAVED DISGRACE OF BEING SHOT FOR MURDER

Paris, July 29.—President Galliere has commuted the death sentence of Private George Graby, convicted along with Henri Michael, of the murder of Mme. Gouin, to life imprisonment. Graby was condemned to be shot and had the sentence been carried out he would have been the first French soldier to suffer such a fate since the Franco-Prussian war.

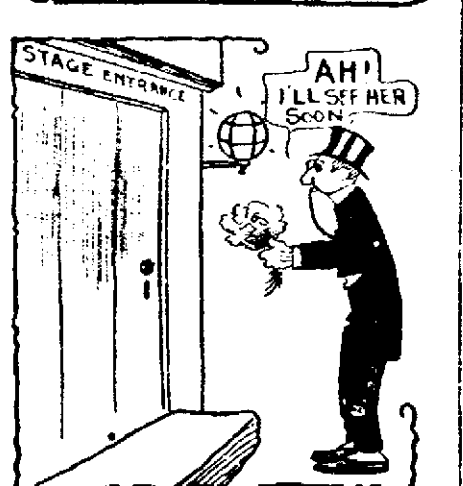

## "SITTING BULL" DIDN'T KNOW THE GUN WAS LOADED

St. Louis, Mo., July 29.—Willie Wimer, 13 years old, of 2723 Madison avenue, "the model schoolboy," is believed to be dying at St. Mary's hospital as the result of playing in a back yard the part of General Custer in his "Last Fight" to the Sitting Bull of 12-year-old Edward Matighe, armed with a cat rifle, which accidentally shot Wimer in the breast. Sitting Bull didn't know the rifle was loaded.

## BARTENDER KILLS WOMAN IN TOLEDO

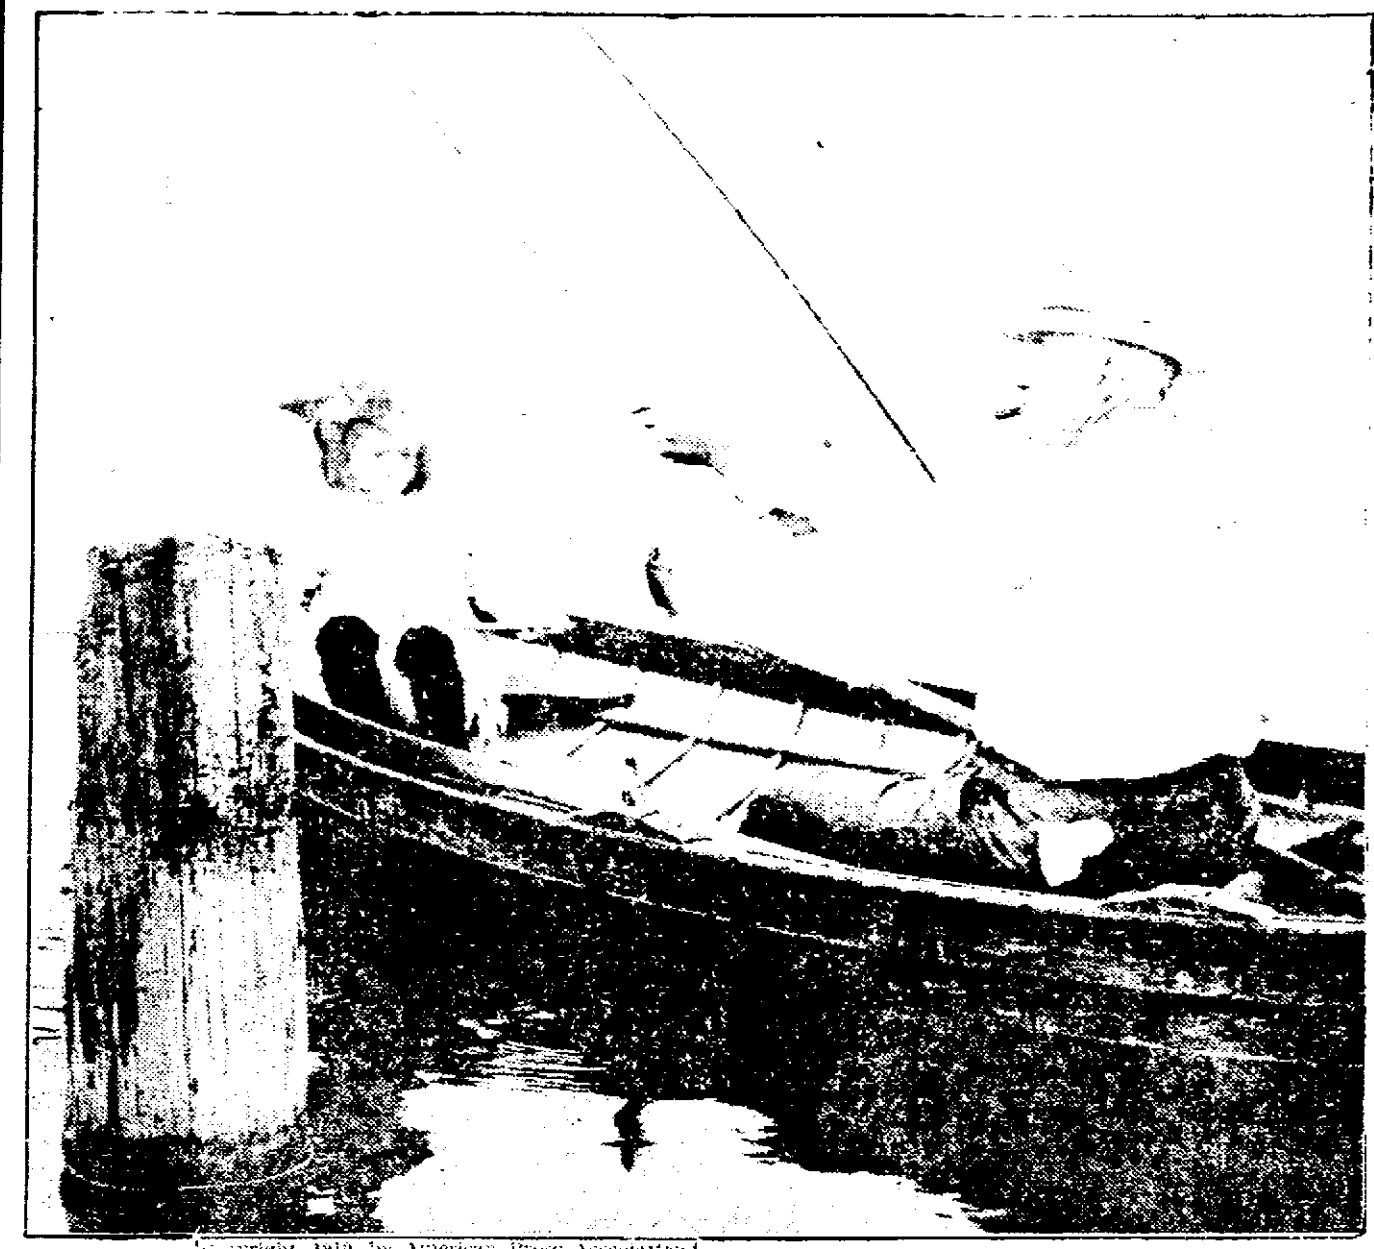

Toledo, O., July 29.—George Coyne, age 28, a bartender, shot and killed Mrs. Edward Heintzinger, age 25, badly wounded Mrs. Jean Stener Wilson, age 31, and then fatally shot himself in the head this morning.

## GOVERNOR HARMON DESERTS PLEASURES OF CHARLEVOIX TO HELP QUELL RIOTS

The above illustration shows Governor Harmon and his granddaughter, Olivia Harmon Cassatt, enjoying the summer breezes at Charlevoix, Mich., where the governor and his family have been spending the summer. The governor's vacation was cut short a few days by his decision to return to the capital to take personal charge of the state troops called to quell the riots resulting from the street car men's strike in Columbus. In this picture Governor Harmon has just landed a "mammoth" fish for little Olivia. The granddaughter has been Governor Harmon's constant companion on his vacation, accompanying him to the golf links and on his fishing excursions.

## GOV. HARMON MAY ASK MAYOR MARSHALL WHY HE COULD NOT COPE WITH STRIKE SITUATION

### Rumored That Marshall's Suspension Will be Asked for Pending an Inquiry Into the Means He Employed to Handle Trouble Without Troops.

Columbus, O., July 29.—Governor Harmon arrived home today and it became known that he feels that Mayor Marshall and Sheriff Sartain did not exhaust all the resources at their command to preserve order in this city before calling for the state troops. The mayor must explain to the governor why he did not swear in extra policemen and sheriff Sartain must show why he was unable to get men to act as deputies.

The understanding at the executive offices is that state troops should be demanded by a mayor or sheriff until every effort to preserve peace has been exhausted. It will cost the state \$1,155.55 every day that the soldiers are here.

Columbus, O., July 29.—Street car service, which has been suspended since Wednesday night, will be resumed on all lines at 1:30 this afternoon under the protection of the troops. Mayor Marshall made this announcement following his conference with Gov. Harmon and a subsequent conference with General Macken.

The mayor sent a special communication to Manager E. K. Stewart of the trolley company telling him to move the cars at 1:30 and promising ample protection.

In a statement to the newspapers this afternoon Gov. Harmon said: "I want it distinctly understood that the state troops are not to take the initiative in this strike. They are here only to assist the local authorities to keep order. If the city were under martial law the troops would take complete charge of the situation. But martial law has not been declared, probably won't be. Therefore it is up to the local authorities to boss the job."

"I did not discuss with Mayor Marshall the question of whether the situation justified his calling for troops. He explained that his police department and the sheriff and his men could not handle the situation and that many people urged him to call the troops. The fact remains that he did call for troops and they are now here. We want the mayor and sheriff to get busy and get things in shape so the troops won't have to stay longer than is absolutely necessary. It is pretty expensive keeping about 2,000 soldiers here."

The governor was asked if he would order the street car company to resume service on its lines. "Most certainly not," he replied with emphasis. "I am neither mayor nor manager of the street car company. From an official standpoint it is none of my business whether cars ever run. That is up to Mayor Marshall. He was the one who ordered the cars to stop running."

Harry B. Richmond, commanding state house grounds.

Columbus, O., July 29.—Governor Harmon had not been in town half an hour today before it became apparent that he does not propose to keep the militia in Columbus indefinitely doing police duty. The city is quiet with no signs of riot, but no cars have been running.

The governor conferred with Mayor Marshall and Sheriff Sartain and told them they must take charge of the situation and swear in enough extra policemen and deputies to preserve order.

If quiet continues it is very likely the governor will order a part of the troops sent home in a day or so, keeping enough here to insure peace until Mayor Marshall and Sheriff Sartain can swear in additional help.

Bob Hughes lost his own game at Wehrle park Thursday afternoon, when with two out, the bases full and one score—the thing one in—he walked Long and forced in the winning run. Two strikes and three balls had been called on the big first sacker then Bob heaved a low one and Long was sent to first while Nally trotted across the rubber with the count that broke up one of the most exciting games staged at the local ball pasture in many a day.

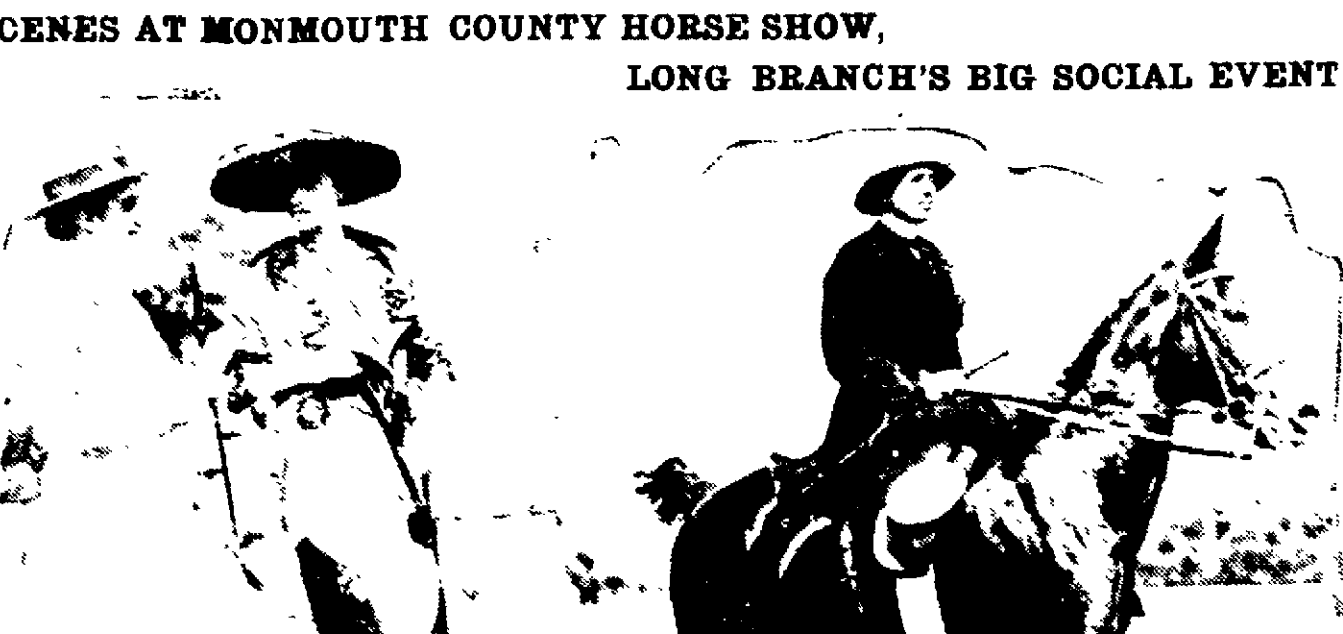

Three times was Marion, the league leaders, allowed to take the lead and three times the Molders tied up the count and as a result of the see-sawing was that the O'Day gang took the first fall out of the Lewis brigade in this, the first series, in which the two squads have met since the Newark aggregation was switched.

It was a bitterly fought struggle and towards the finish neither side asked or expected quarter. As an example of this runners had been allowed throughout the game until it went to the extra inning game. Then in the final round Lee Lemon, badly crippled as he is, singled and asked for a runner, but Lewis wouldn't stand for a fast man on the paths. Lemon had the pleasure of scoring the run that tied and he was heartily cheered by the fans when he limped across the home mat on Mow's single.

It was the first chance Manager O'Day had to mix things with the team that came from Marion, and if a mortal worked hard for victory it was the new manager. Knowing Colligan, Meehan, Reilly, Johnston and Weller as he did, these hitters were held well in check and the local players were given a chance to study the other hitters. Marion, on the other hand, didn't get much of a line on the Molders for the real hitters of the club left the stick work to those who have fallen behind, and the men who have been the weak hitters heretofore responded nobly.

Willie Hughes pitched nice ball, but he was wild and this wildness besides costing him the game, let Newark have her first score. Nally slugged to the right lot for a single when he first faced the big heaver then Mow was passed. Kendall sacrificed and Long struck out and the stone wall defense of the Diggers looked mighty strong. But the turning point came and O'Day was walked, then Brown worked the slider for four bad ones and Nally scored. Lane wound up the frame by hitting Ayette, who tossed O'Day out at second.

**SCENES AT MONMOUTH COUNTY HORSE SHOW, LONG BRANCH'S BIG SOCIAL EVENT**

Long Branch, N. J., July 29.—(Empire) What the Monmouth County horse show opened in Hotland park there was a splendid list of entries which included ribbon winners of national and international fame. Fig. 1 shows Miss Helen C. Prentiss and O'Day's fadeaway shire worked to perfection and he crossed.

Fast work featured the twelfth and thirteenth rounds and there was nothing doing in the run getting line until the fourteenth, then Epler was walked and Eddie Meehan made a neat sacrifice. Reilly grounded and Epler reached third on the play. Hummel singled over O'Day's head for the run, but he didn't get past first for Johnston lofted to the second baseman.

Lane was the first bitter up in the windup chapter and he poked one that Weller smothered. Lemon singled sharply to right but Merz went out to Meehan. With two down, it looked bad for the Molders but that never-say-die spirit wasn't squelched by such a thing as one run and Nally worked Hughes for a pass. Mow hadn't hit during the game and he was due and he clouted to center and Lemon crossed with the run that tied the score. Then with Kendall at bat Reilly let one through him and Nally and Mow moved along a notch. Kendall was also walked and the bases were full. Long waited out three balls and had two strikes of him when Hughes wound up for the final doing. Then he shot the leather and it was long and Long was passed and Nally came home with the winning run. The official score:

**Behind the Screen**

Manager O'Day of the local team is the man that landed Zmich in Marion and made possible his sale to St. Louis for \$2,500. Marion had at that time, Catcher Luskey who was about as in and the Diggers were badly in need of a port side Digger. When Grand Rapids reached Marion on a spring training trip Zmich was with the Stags who were sent a catcher. Owner Brotherton liked Luskey, who looked better than either of his men and O'Day fell for the big southpaw. The result of theicker was that O'Day traded Luskey to Grand Rapids and received in exchange Zmich and \$500. Luskey never made good with the Stags while Zmich won a fairly a game and brought a fancy price.

The fans who left in the ninth inning yesterday were a mighty sore when they found that the contest went into extra innings and Newark finally won. The moral of which is that the show the game is never over until the last man is out.

The Molders are certainly an aggressive bunch and have never giving up they managed to win the first game of the series from the fast going leggers who are at present leading the league.

Grandie pitched a nice game to Chillicothe against Lima yesterday and let the Stogies down with four hits. The Babes only made three hits off Riley and Lloyd to replace him.

Today is Ladies' Day at the ball yard and there will probably be a big crowd of fanatics present to see the Diggers and Molders mix thing up. Saturday will be the last day.

**OUR CITY'S REAL BUSINESS PROBLEM**

The proposition for the purchase of the old water works plant to be added to the municipal system has come to be strictly one of revenue for the city. The plant is now making a gross earning of \$31,000 per year. This amount would come immediately into the city treasury were the city to make the purchase. If the plant can be purchased at about the price named by the Board of Trade committee, it will be up to those councilmen who oppose the purchase to state to the people when the municipal plant will earn \$31,000 per year. The time has come when the business interests are getting awake sufficiently to demand facts instead of unauthenticated statements. Even though a showing can be made that the municipal plant can be made to earn that sum in two years from now, the city by that time would lose \$62,000 in revenue receipts that would come into the treasury from the old plant.

This problem was amply discussed at the meeting of the City Council, Board of Trade and Business Men's committee last night, a full account of which is given in our news columns.

**ARTICLE FOR THE JOKE COLUMN**

Queer things sometimes appear in the newspapers but the following taken bodily from yesterday's editorial columns of the Newark American-Tribune is pointed as a notable curiosity.

**GARFIELD VS. HARMON.**  
Regardless of what may happen in the Columbus convention before its work is done, a striking contrast between two men conspicuous in this state has already been written into political history. It is the difference between Garfield's fight for a declaration of advanced republicanism, clear and unequivocal and Harmon's almost unobtainable compromise of timidity and equivocation at the close of the legislative session when he declared that he could not express an opinion about the Woods bill because he did not know what it contained.

The most extraordinary thing could hardly be conceived, a more radical contrast save the clouds of doubt on one side clear and certain on the other, when Garfield's position in the fight of this remarkable difference in the politics of Ohio was well known that he had become of the government and the question of the Republican campaign is shaped on sound lines as it is nearly certain to be, and managed in the right way.

The above editorial was published 30 hours after the Republican State convention had adjourned at Columbus.

The article measures Garfield with Harmon, yet Garfield is the man who was ignored by the "grand old party," the man whose progressive views were turned down when a "stand pat" platform was adopted and the Aldrich tariff law extolled. The Advocate stated Wednesday that Garfield's nomination was the only one the Democracy feared, as Garfield stands for just what the people of Ohio want and

With praise for Taft in Longworth's speech as temporary chairman, in Burton's speech as permanent chairman, in the platform as presented by Dick, in Harding's speech accepting his nomination and with approval of the Taft-Aldrich Cannon tariff all along the line, the state Republican convention of Ohio launched into the campaign of 1916 with Warren G. Harding of Marion as the standard-bearer and exponent of stand-pat policies.

The convention began with stand-pat and ended with stand-pat. It made stand-pat nominations on a stand-pat platform with the arrogant presumption that the voters of that party must abide by the party faith from now on and throughout the campaign until sat down upon by thoughtful and independent voters at the ballot box in November.

Having failed to land his per candidate on second ballot, notwithstanding his blinding bet and his positive declaration that he would stand by Judge Brown of Dayton to the bitter end, Cox arose in the midst of the third ballot and put his brand all over Harding by switching to him the entire core of Hamilton county. Up to that time Harding was losing stage to Cox, third ballot with every indication that he could not lead, when Cox swung around with his whole strength and forced the nomination of Harding as a plan at Burton because the latter failed to keep his agreement with Cox to support Brown.

During his political career Warren G. Harding has been on all sides of important questions and in all factions of his party, starting some years ago as a follower of Foraker, he has in turn been for Hanna and Hanna and Harris, and now finally for himself. To all he none no doubt he expects loyalty from all the friends of those who never could count upon him in the trial and stress of political reverses.

With Harding matched against a man of stamina, courage, integrity and ability like Judson Harmon, the battle lines for the campaign of 1916 are fixed and no reason appears or has been suggested that should change the trend of public thought and action toward "Harmon and a clean sweep" in November.

**CONSTIPATION GOES ONLINE IS MADE SUPERINTENDENT OF B. & O. POLICE**

Simple Vegetable Remedy That Astonishes Everybody.

Throw away all your notions that constipation is a minor ailment. It is the most serious of all ailments and the only one that can be cured by a simple vegetable remedy. It is the only remedy that can be taken by anyone, at any time, and in any place. It is the only remedy that can be taken by anyone, at any time, and in any place.

Jurisdiction Now Extends Over Entire B. & O. System—Other Promotions Announced.

It was announced today that effective August 1, the jurisdiction of Chief A. O'Connell, superintendent of police of the B. & O., will be extended to embrace the entire system, including the B. & O. S. W. from St. Louis to Parkersburg, and from Boardstown to Shawnewtown, and the B. & O. Chicago Terminal railroad. In pursuance with this announcement, Mr. O'Connell has issued circulars of the promotion of John M. Powell, former inspector of police of the Ohio river, to assistant superintendent of all lines, J. F. Ryan, former captain of police of the Chicago division, becomes captain of police of the Chicago Terminal railroad and the Chicago division from McCool's, Ind., to Chicago. W. T. Ragle, former captain of police of the Ohio River division at Parkersburg, is placed in charge of the Chicago division from Chicago Junction O. to McCool's; Frank J. Young has been promoted to captain of police of the Ohio division of the B. & O. S. W., with headquarters at Chillicothe, O., succeeding J. A. Jester, resigned.

Mr. O'Connell has been superintendent of police of the B. and O. since July 1, 1903. He was born at Alliance, O., Feb. 16, 1869, entered the service of the police department of his native town in the fall of 1892. In 1896 he was appointed patrolman of the Pennsylvania lines west at Youngstown, O., being promoted to lieutenant the same year. He was promoted to captain of the Erie and Ashabula division of the same road, with headquarters at New Castle, Pa., in May, 1897, later being transferred to the Chicago Terminal division in the same capacity. He resigned his position in 1901 to become assistant superintendent of police of the B. & O. Mr. O'Connell has earned a reputation as a criminologist and has read several important papers before conventions of the International Chiefs of Police.

Mr. Powell is a native of New Castle, Pa. He resigned as captain of police of the New Castle division of the Pennsylvania Lines in April 1902 to enter the service of the B. & O., being promoted to captain of the Baltimore division Sept. 1, 1902. He was appointed inspector of police east of the Ohio river July 1, 1903.

**WARREN G. HARDING, NOMINATED BY REPUBLICANS FOR GOVERNOR OF OHIO**

**THE FLESH MAKER**  
THIN MEN AND SCRAWNY WOMEN CAN GAIN A POUND OF GOOD SOLID FLESH DAILY

Money Back in Any Case Where Samose Fails to Increase The Weight

**Weigh Yourself Before Using**      **How to Gain Healthy Flesh**      **Thin Folks Made Fat**

Good healthy flesh can only be gained by the use of the proper food, together with natural action of the organs of assimilation. Nine people out of ten, in order to weigh as much as they ought and be perfectly healthy, should use Samose, the great flesh-forming food and health restorer. Weigh yourself before commencing to take these little tablets and see how your weight increases from week to week. Large box for 50c.

Samose does not contain a particle of starch or pepsin, nor is it any nauseating preparation, such as is usually recommended to make people fat, and which does not build up good, healthy tissues. Samose has valuable flesh-forming properties, tones up and strengthens the whole system, helps the food that is eaten to be assimilated in a natural manner, and absolutely restores health to all the organs.

If you are not perfectly satisfied with the result from Samose, W. A. Erman & Son will return your money without any quibbling.

W. A. Erman & Son Advise Thin Folks To Use Samose.

While thinness may not be a disease, yet it is in reality a condition that needs attention. Under the nourishing power of Samose, healthy, natural flesh will soon be attained.

This remarkable, flesh-forming food strengthens the system generally and builds up the flesh tissues so that good, natural plumpness results.

An ounce of flesh is better than a pound of theory. W. A. Erman & Son believe that the best possible demonstration of the flesh-forming powers of Samose is to have it tried by their customers and to induce them to use it they offer to pay for the Samose in case it does not give satisfaction. No stronger proof than this can be given of their faith in it. They have seen hundreds who were weak, thin and scrawny, become plump, robust and strong, solely through the use of Samose. Ten days' treatment, 50 cents.

This is a strong guarantee, but they have seen so many of their customers who a few weeks ago looked like walking skeletons become plump and well, solely through the use of Samose, that they feel they cannot say too much to induce people to try it.

This marvelous flesh-forming food, as mild as soon as it is taken into the stomach, makes good rich blood, tones up the weakened system, helps to assimilate the food, and makes the user plump, well and rosy.

## GRANVILLE

Granville, July 23.—Beautiful and impressive was the scene at beautiful Elmwood Farm, the home of Mr. and Mrs. Joshua Stark, on Wednesday morning when Miss Alma Simpson, a well known and popular Granville young lady, and Mr. Clyde J. Hazen of Massillon, O., were united in marriage. The ceremony was performed by the Rev. H. Booth Hazen, a brother of the groom, who is a pastor of the First Baptist church of Centralia, in the presence of about twenty-five invited guests, including the family of Mr. Hazen. The maid of honor was Miss Ruth Orcutt, and Mr. Fred Ray Hazen, a brother of the groom from Negley, O., acted as best man. The flower girl was Bessie Twining. The color scheme used in the house decoration and also for the table was white and green.

At the conclusion of the ceremony, which was the ring service, a three course wedding breakfast was served. Many valuable and beautiful presents were received by the bride and groom, and are awaiting the couple when they return to their home, 211 Duncan street, Massillon, O., after a short wedding trip.

The bride is one of the most popular young women of Granville, while the groom who was formerly a student of Denison, is engaged in the insurance business. Friday and Saturday they expect to meet the Hazen family of eight brothers on the old Hazen farm at Negley, O. They have the best wishes of all their friends for a life brimming over with happiness and prosperity.

Del F. Hes, a well known farmer

living on Loudon street, a short distance north of the village, was the victim of a painful accident several days ago. Mr. Hes, who is past sixty years old, was working in his barn, when a rope holding a pulley broke, letting it fall a distance of 14 feet, striking Mr. Hes on the side of the head, just below the temple, and inflicting a deep cut an inch and a half long. He was rendered unconscious and remained so for half an hour. Owing to Mr. Hes' advanced years, the accident was the cause of much alarm on the part of the members of the family. Mr. Hes, however, is rapidly recovering from his injury.

Friends of Mr. George Owens, Thursday helped impress upon him the fact that it was the twenty-fifth anniversary of his birth, by calling on him at his home, in the hills, north of the village, and assisting him in making the occasion a merry one. Mrs. Owens was a party to the happy deception, and provided for the pleasure of the callers. At 10 o'clock she presided at a table laden with an elaborate birthday supper, and later there was dancing and informal social pleasures. Mr. Owens was handsomely remembered by the guests.

Friends will be interested in learning that a daughter was recently born to Mr. and Mrs. Morton Luper, at their home in Lancaster. Mr. Luper was a former student at Denison university, and Mrs. Luper was formerly Miss Zella Pilling.

Mr. and Mrs. Marion Cline of Pickerington, O., who have been visiting relatives and friends in Granville and vicinity during the past several days, returned home Friday.

Farmers are realizing that their wheat yield was beyond their expectations, per acre and of better quality than for years.

## FOR WOMAN'S EYE

Mr. and Mrs. Henry Hutzler entertained Sunday at their home on North street, Hebron, Mrs. Edward Street and daughter, Emma, Misses Alice Riddle and Agnes Fitzpatrick, all of Newark.

The musicale given by the Silent Circle of The King's Daughters Thursday evening at the home of Mrs. J. V. Hilliard in West Church street, was well attended and the society is delighted with the success of the entertainment. The proceeds are to be used by the Circle for charity. Each and every person taking part rendered their numbers with that finished style which shows the possession of much cultivated talent.

## WEBER-STANG.

The Van Wert Daily Times on Thursday has the following to say in regard to the marriage of Mr. Marc Weber, son of Mr. and Mrs. G. P. Weber, who for many years resided in this city and who have many relatives and friends here:

Mr. and Mrs. George P. Weber of North Washington street are in receipt of a telegram announcing the marriage of their oldest son, Marc, to Miss Elizabeth Stang, daughter of

George Stang of Ft. Wayne, Wednesday afternoon at 1:30 in Chicago. The news comes as a pleasant surprise to the many friends of the young couple. The bride was until recently a Van Wert girl, the family having moved to Ft. Wayne a few months ago. The happy couple will, for the present, reside in Chicago where Mr. Weber has been employed for some months past.

## MINOR-DEMLAP.

On Tuesday evening Mr. Wiley F. Minor and Miss Charlie J. Demlap, both of this city, were united in marriage by Rev. W. W. Trout at the First Main Street M. E. parsonage. They were attended by Miss Elsie Milbath and Mr. Edward Whittan. After the ceremony the bridal party returned to the bride's home in Oakwood avenue where a wedding supper was served. The groom is in the employ of the Ohio Electric Railway and with his bride will make his future home in Newark.

## THIS AND THAT

Take politics, prejudice and sentiment out of the water works controversy and treat the matter as a business proposition. This is the sound advice given to the city council by the Board of Trade.

That fourteen inning game at Wehrle park yesterday was worth gazing miles to see. The people are awakening to the fact that Newark now has a real ball team.

It's nice to figure on taking a vacation even if you know you aren't going to get it.

A man who knows what he is talking about expressed the belief today that the grand jury's work will not be finished for at least a week.

It is estimated that the Columbus street car strike will cost the state \$5,000 a day. It will cost the Columbus merchants more than that. Incidentally it will cost the street railway company and its employees a pretty penny too.

The Columbus papers aren't saying anything about Newark these days. They have troubles of their own to consider.

The water works problem is not the only one that should be settled by the city council along business lines. The Newark Telephone company wants a franchise and if the franchise is granted Newark will have the best telephone system in Ohio. The franchise should be framed to do justice to both the people and to the company and when it is so written it ought to be promptly granted.

Why not make a law in Ohio requiring matters such as precipitated the Columbus street car strike to be subject to arbitration, with a requirement that the parties must abide by the decision of the arbitrators?

The Zanesville newspapers among others said all sorts of uncomplimentary things about Newark in her recent trouble. Zanesville had a mob of her own yesterday, a mob that beat and badly used up a baseball umpire. This is a species of lawlessness that deserves the condemnation it is receiving. Zanesville isn't in position to play the role of "Holier Than Thou" successfully and the Zanesville papers will do very well to take care of the Clay City's short comings which are many before they attempt to tell Newark or any other town what to do. Newark made a sad mistake July 18th. She knows it and is at work correcting her error without outside assistance.

Dress Jelly—Four tablespoons of powdered gelatine, one pound of sugar, a quarter pound of sugar, a pinch of salt, one pint of water, two ounces of lemon juice, one wine-glassful of cherry brandy, half a pint of whipping cream. Wash the fruit, and allow them to soak for two hours in the cold water; then put both into a saucepan add grated lemon and orange peel and sugar. Stew till tender, then strain off liquid and mix with a through a sieve. Back the jelly, then the lemon and add them to the jelly. Put brand from the pan into a sauce pan, and to it the brandy and gelatine, then dissolve carefully over the fire. Strain this into the jelly, and stir occasionally until it is thick. Add a little of the brandy and cold water and decorate it with the almonds, blanched and sugar, fill with cream mixture, and set in an iced place until firm then turn out and serve with whipped and flavored cream in the center. Decorate with chopped pistachio nuts and a few preserved cherries.

Lady-Fingers—Beat together ten minutes five eggs and one cupful of powdered sugar; it then very creamy and light stir in carefully one and one-half cups of sifted wheat flour and one teaspoonful of lemon juice. But through a pastry bag on papered and greased pans. Dust with powdered sugar and bake in a moderate oven.

## HIGH-GRADE FOOTWEAR AT BARGAIN PRICES

We have had a good season, but a short one. The late spring prevented us from selling as many low shoes as we expected to sell so we are going to tempt everyone, even those who have already bought, to buy freely at this sale. The only way we know of accomplishing this is to make prices tempting, and we will leave it to you to decide whether we have done this or not. All we can say, is that we are selling regardless of profit all summer low shoes of all descriptions. Watch Our Windows.

## The Message of Dress.

How many of us realize that our dress is our first message to those we meet, sometimes our only message? It speaks for us before we have the opportunity to say a word; to a large part of the world it is the only expression of ourselves we give, for we pass on and say nothing. The woman who does realize this is the woman whose dress makes a good impression, the woman of whom you say mentally before she has spoken, "Doesn't she look charming?" or who leaves with you, as she passes you on the world's busy thoroughfares, a sense of delight and satisfaction.

What, then, is the message your clothes give? Do they express yourself, your real self, and what is that self?

Some women's dress merely express money. Rustling silks, lavishly-used laces, sparkling jewels, all say loudly, "money." The wearer of this sort of dress seems to want to express to the world solely, the possession of money. It cries forth from her clothes blatantly.

The dress of others is a hodge-podge. There is no harm, no unity. Waists and skirts do not go together. Hats do not seem to belong to any costume. There is no keynote to it in color, except, perhaps, that of discordance and confusion. She never, in her dress, expresses a sense of self.

Her dress speaks truly. She lives in the same confused, mixed-up fashion. She does not know order or method. Her life is a hodge-podge, her home is a hodge-podge, her bureau drawers, even, are in the same condition.

Some clothes are merely fashion-plates. They are faultlessly correct, but they impress one as cold, hard, without heart or life.

Some clothes are entirely without beauty. They may be marvelously serviceable and comfortable, but they give mental shivers to the on-looker. They fail absolutely to please.

Others make an attempt at beauty, but they are only tawdry. Colors clash, there is too much ornamentation.

Then there is the dress that is always dainty. It may be simple. It may be expensive. But whatever it is, or wherever you find it, its message always is exquisite daintiness. It is ever a delight.

Then there is the dress whose message is harmony. Colors agree, and are restful lines are artistic. It always pleases.

It pays a woman to study her clothes so that they shall speak to the world a message of charm. It may be the message of daintiness, of neatness, of beauty, of grace, of restfulness, of individuality. But it should be such a message, that before she herself has spoken a word, her clothes will make the stranger say, or the passer-by on the street feel, "There is a charming woman. I should like to know her."

The splendid new monument to the pilgrim fathers and mothers, erected here in recognition of the fact now admitted by historians that Provincetown and not Plymouth was the original landing place of the people who came over aboard the Mayflower, is ready for dedication August 15, when President Taft and British Ambassador Bryce will make speeches. The monument is a tower of granite rising more than 350 feet above the sea level. It stands on the brow of High Pole or Town hill and is 252 feet high. The memorial cost \$100,000, of which the national government gave \$40,000, Massachusetts \$25,000, Provincetown \$25,000 and individual subscribers the rest. Peregrine White, the first child of English parentage to see the light in New England, was born here. At the dedication ceremonies 15 war vessels

will be in the harbor. President Emeritus Charles W. Eliot of Harvard, will deliver the historical address of the day. It is now established that it was in Provincetown that the Mayflower company was signed before any of the passengers

set foot on American soil. The Mayflower arrived in the harbor on a Saturday. Sunday no work was done but on Monday the women came ashore and did their washing thus establishing the first day of the week as washday for future America.

#### FREDONIA

Lee Bush of near Johnstown visited O. D. Cramer and wife Sunday. Mrs. Katie Goshell of Newark visited her mother and sister Friday and Saturday. David Dunn and wife visited O. D. Cramer and wife Sunday. C. L. Carpenter and wife visited

John O. Jones and wife near Johnstown Friday. Dr. E. Rutledge was called Friday to see Helen Cramer, daughter of Ora Cramer. George Harris and wife visited Mr. and Mrs. Ira Chilcott Sunday. Clyde Riley was pleasantly remembered Monday, July 24, with a birthday card shower from friends and relatives.

Notice is hereby given that the plans for a sewer on Buckingham street from Hoover street to Wallace street have been prepared and are now on file in the office of the Clerk of the City of Newark, Ohio, for examination and inspection by parties interested, and any objection thereto may be filed with the Council. #### FIGHTING FOREST FIRES IN WISCONSIN; WESTERN CANADA ALSO SUFFERS SEVERELY

Merrill, Wis., July 29.—The worst forest fires ever known in this part of Wisconsin have been devastating great tracts of land for days and have hemmed in and cut off from the outside world the people of several towns. The people of Heinenau fled to Bloomville, where they and the 650 residents of that town were cut off from escape, the fires raging all around the place. Gleason, north

of Bloomville, also was isolated. At Galloway and vicinity the fire covered an area ten miles long and three miles wide. Wausau and New London steamers have fought the fires but with slight success. Millions of feet of valuable timber have been destroyed. The problem of food supply is a severe one particularly at Bloomville, with its population largely augmented by refugees

from other parts. Losses from forest fires in several districts in British Columbia are reported. Fire wardens have impressed every available man to help check the spread of the flames, which have eaten up already several million dollars' worth of timber. No longer is one fire under control than another breaks out. The situation is serious, both in Wisconsin and Western Canada.

#### CHILD DIES FROM BURNS

Fell Into Pan of Boiling Starch Tuesday—Death Came This Morning.

As a result of horrible burns received when she fell into a pan of boiling starch last Tuesday morning, Little Barbara Stapleton, age 1 1/2 months, died at the home of her parents, Mr. and Mrs. Hermann Stapleton at Evans and Smith streets Friday morning at 2:30 o'clock. The child suffered intensely from the time of the accident until death mercifully relieved her.

Tuesday morning, an older sister, Mary Stapleton, while helping her mother, carried a pan of hot starch to the yard and set it down upon the grass. At that time, the baby was not in sight being on the opposite side of the house. After a minute's absence the child's remains brought Mary back and Barbara was found horribly burned about the right fore arm.

Dr. Stedem was hurriedly summoned and though every means known was resorted to for the little one's relief, the shock was so great that she grew rapidly worse until death came.

The father and mother and two sisters, Mary and Anna, survive. The funeral services will be held at St. Francis de Sales Catholic church Saturday morning. Burial at Mt. Calvary.

#### ISLE OF PINES PICNIC AT THE LAKE

Licking and Franklin county Isle of Pines enthusiasts enjoyed a delightful picnic at Buckeye Lake on Thursday, nearly 100 persons being seated at the grand picnic dinner afforded.

The repast was served under the trees on the point beyond the amusement grounds, one of the prettiest places at this resort. Those who made up the big party were either people who had visited in the Isle of Pines or were interested in the attractive inducements that are taking many Ohio people to this southern island.

Following the dinner, there were speeches by many in the party. Messrs. Frank and Fred Hammond and Mr. Baker of Columbus, who are members of the company exploiting the advantages of this island, told of the numerous reasons why the Isle of Pines is a good place to live. Mr. Kutchens of Columbus, Mr. Holcomb, Mr. John Kreig, Mr. Lisey, Miss Lisey, Mrs. A. C. Hatch and Miss Moore, the latter a school teacher who will go to the island this fall to take charge of the schools, talked about the place.

People were present from Newark, Columbus, Centerville, Alexandria, Zanesville and other points in Licking, Muskingum and Franklin counties. It is understood that many Newark people will take the trip to the island during the coming fall and winter. Mr. and Mrs. Roz Emerson expect to leave about August 11. Mr. and Mrs. J. W. Thompson expect to go in October.

Lion Collar demonstration now going on in EMERSON'S corner show window. Ask for the new collar KERMIT.

#### FUGITIVE NOT WENDLING.

San Francisco, July 29.—That Joseph Wendling, wanted in Louisville, Ky., for the murder of 8-year-old Alma Kellner, is not hidden in this city and has not been in San Francisco, is the opinion of Chief of Police John Martin.

A man answering Wendling's description was traced from Vallejo, a town 23 miles distant. The police assert that they had located the house in which the suspect was located and expected to capture him today. The publication yesterday morning of the story that Wendling was being sought here, it is claimed by the police, warned the man wanted, who is believed to be a burglar.

The police have not relaxed their efforts, however, to find the man they had located.

All men's, boys' and children's summer underwear reduced in price at EMERSON'S, Cor. 3rd and Main.

#### FORMER NEWARK MAN BECOMES FARMER

It was no pleasant news that the host of friends of Ralph Tucker received last Tuesday that the secretary of the Curry county Democratic committee was to leave the narrow precincts of Clovis and Curry county to take up an occupation close to nature in the far far apple country known as San Juan county. Mr. Tucker has been one of the most active and influential men in Curry county Democratic politics, a splendid citizen and business man, filling every position in which he found himself with credit and ability. He has a host of friends in Clovis and all over the county, and it goes without saying that he will no longer be a resident of San Juan in all the same can be said of him that Mr. Tucker has been telling the people about New Mexico dirt and now he will make a practical demonstration of the same. Success to you, J. Ralph. —Clovis, N. M., Journal.

#### GOV. HARMON

(Continued from page 1.) to employees and property of the Columbus Railway and Light Company, against which the car men's union is waging a strike. Mayor Marshall, retaining command of the situation despite the presence of the militia, decided yesterday to delay an attempt to operate cars until today noon. It was to wait for Governor Harmon's arrival that the delay in operating cars was decided on. At the governors office yesterday it was deemed that he was hastening his return because of the strike.

There was no disorder to speak of yesterday and last night, unless an exception be made of the jeering of one body of troops during the afternoon. When it became generally known that no cars would be operated last night, the people gathered in undemonstrative crowds in the downtown districts.

All Troops in Camp. Leonard avenue and West Broad streets were littered yesterday morning with huge boulders and other obstacles, intended to impede progress of the cars. Service Director Harry Holton arranged yesterday to have all streets cleared of debris early this morning and officials of the company were notified protection would be provided for service at noon today on all divisions.

General Manager Stewart said yesterday the company was prepared to operate all lines as soon as protection was guaranteed.

Three regiments of the state militia, comprising a total of 1651 officers and men, began pouring into the city shortly before noon yesterday. Early in the morning Brigadier General W. W. McMaken of Toledo, the commander of the First Brigade, and Adjutant General C. C. Weybrecht were at the state house establishing headquarters and making preparations for the distribution of the troops, which were moving toward Columbus under orders issued from the governor's office shortly after Wednesday midnight, when Mayor Marshall called for state aid.

General McMaken let it be understood that Mayor Marshall would still be in control of the situation, at least nominally, when he reported to the mayor and asked for instructions as to the part the troops should take in aiding the city authorities in establishing peace.

The mayor took a little time to consider his responsibilities and then relieved himself of some of his responsibility by advising General McMaken to "make such disposition of the troops as in your opinion will put them in the best position to preserve peace."

General McMaken has his headquarters in the governor's office, and Mayor Marshall in his office at the city hall.

City and militia officials worked late last night evolving detailed plans for the patrol of the 115 miles of street car track and six car barns today. Detachments will be sent to nine points, considered dangerous positions and instructed to work from these locations up to the beats of sentry guards.

Get Maps of the City Read. In the governor's office General McMaken, General Weybrecht and their aides were bending over maps of the city and street car barns. In the city hall Mayor Marshall, Directors McCune and Holton and their aides were scanning street and sectional maps. In both offices charts and maps littered the tables.

As the officials worked the maps assumed the appearance of diagrams showing the disposition of militia guards. When their work was completed, the papers before them indicated precisely the manner in which the guardsmen will be distributed about the city at noon today, when the operation of cars began.

The militia will patrol the streets and will not ride on cars for the present.

Critics of the Republican city administration insist that Mayor Marshall has not done his full duty in his attempts to quell disturbances by using the police. The mayor's critics assert that he is now seeking to shift the onus to the governor. Not until last night did he ask Sheriff Sarain for aid.

Governor Harmon is expected to ask what Sheriff Sarain then did to put down lawlessness before signing an appeal for troops. He may ask if the sheriff sought to swear in special deputies under the law directing him to commandeer posers. No one knows if the sheriff did make such an attempt.

Governor Harmon may be urged to suspend Mayor Marshall from office on a charge of dereliction of duty and Vice Mayor David Logan attempt to resign on order. The vice mayor's success in such an effort would throw the blame back to the mayor, they argue. Mayor Marshall called a protest by closing all the schools Monday night. The schools are still closed and the mayor today declared the properties of the troops will not alter his order.

#### Receiver Named.

John S. Chandler of Columbus, formerly of Mr. Vernon and Litch, has been appointed receiver of the Dividend Oil & Gas Co., which has four oil wells on a 300-acre lease in Perry county, and which has 1,200 acres under lease in Knox and Union counties. The appointment was made at the instance of H. W. Sherrick & Co., who brought suit at Lancaster asking judgment for \$2,250.82, claimed to be due for drilling wells. The plaintiff says that the company is insolvent. Mr. Chandler and Mr. Ed. Pearsall promoted and organized the company. It is said that there are stockholders in Knox and Litch counties.

Tourist—"What is the population of your town?" Native—"About two thousand odd." Tourist—"Yes, they do seem rather odd."

#### NERVOUS FROM OVER-STUDY

A Condition Which Parents Should Be Quick to Notice.

Proper Tonic Treatment Will Generally Prevent St. Vitus' Dance or Even More Serious Nervous Disorders.

Every person is endowed with a certain amount of nervous energy which is being constantly drawn upon by the work, worry and responsibilities of our daily life. It is also largely drawn upon during the after-effects of wasting diseases, as fevers.

Unless these drains upon the nerves are replaced by nourishment from the blood, the nerves become overworked and exhausted, and some form of nervous trouble results.

The value of the tonic treatment with Dr. Williams' Pink Pills lies in the fact that these pills do not stimulate the already exhausted nerves to keep up their work for a time longer but that they keep the blood pure and red and in that way fully replace the nervous energy that has been used up.

Mrs. Laura Schwambach, of No. 1214 East Missouri street, Evansville, Ind., says:

"Last fall my daughter, Rosella, aged fifteen years, began to suffer from nervousness caused by overstudy. She was very thin, had but little color and would get nervous and excited over the least little thing. She would come home from school all worn out and grew so much worse that I had to take her out of school. Her appetite was poor and she was very restless at night. Very often she had to go to bed with sick headache. She did not get any better under the doctor's treatment and as I knew of a case of nervousness cured by Dr. Williams' Pink Pills I decided to have Rosella try them. The pills gave her color and an appetite and she took them until cured and is now in good health."

If you are suffering from any nervous trouble, as neuralgia, sciatica, nervous headache, nervous prostration, nervous dyspepsia, St. Vitus' dance, partial paralysis or locomotor ataxia, send today for our new booklet, "Diseases of the Nervous System," which is free upon request.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

## Last Day of The Great JULY CLEARANCE SALE

**Saturday Morning Our Doors Will Open on a Grand Array of Big Bargains and at Night Will Close on a Record-Breaking Day**

Saturday is the last but greatest and most important day of our Greatest July Clearance Sale. Every previous day's business will be surpassed. We will make Saturday the greatest sales day in our history. Just saying so won't do it but values will. A general cutting and slashing among prices which are already sensationally low—an addition of new bargains better than any we ever quoted—will make Saturday a day of unprecedented importance. We advise morning shopping where possible. All day long the store will be crowded, but the morning crowds will be more fortunate in securing the greatest bargains. By all means come to this sale on the last and greatest day of the July Clearance Sale and the greatest bargain and selling day in merchandising history in this vicinity. We quote a few of the hundreds of bargains on sale Saturday just to give to you an insight on what to expect when you come.
